## AIM AND SCOPE

This periodical is intended to serve the ever growing scholarly interest of linguists, psycholinguists, and philosophers of language of divergent persuasions in the history of linguistic thought.

Central objectives of *HL* are the discussion of the epistemological and methodological foundations of a *historiography* of the discipline and the critical presentation of particular areas or aspects of actual or potential research.

*HL* is published triannually (April, August, December). Each issue contains at least three major articles, one review article, a bibliography devoted to a particular topic in the field, and a number of reviews of recent publications.
